

Procedures for new families with children enrolled in the Baby Musiking programme

As much as we would like your child to continue developing his musical and growth experience by integrating our Kindergarten programme, we are unfortunately not in a position to guarantee a place, due to limited availabilities.

However, the procedure for you is simplified, as we already know your child, who does not require observation by our teacher team.

The following process applies to you:

- | | |
|---------------------------|--|
| Before 31 December | Fill and submit an application form online |
| November– January | We will contact you for a meeting with Joan Koenig. This meeting requires the presence of both parents, without the child. |
| Mid-March | You will be informed via email of the Applications Commission decision. |
